SINCLAIR COMPANY
TO BUILD A LINE

Within the next two weeks the Sinclair-Pipe Line company will be laying pipe on its six-mile line to run from El Dorado, Kan., to Chanute. The line will be completed, it is expected, within the next sixty days.

This line will add considerably to relieving the congestion in the El Dorado district and will afford the Sinclair company a means of handling its large production at El Dorado to its refinery at Chanute, Kan.

AT EL DORADO, KAN.

The Empire Oil & Gas Co. No. 2 on the El Dorado farm in 2-25-5 is good for 500 barrels in 20 feet of sand at 2,152 feet.

The Derby Oil company No. 3 on the Wilson farm in 2-25-5 is 50 feet in sand and 2,173 feet and is making 600 barrels.

The test of W. H. and Powell on the Hulin farm in 2-25-5 is shut down at 2,700 feet with a heavy hole.

The Foster Oil company test on the Cook farm in 4-28-5 is making at 2,640 feet.

SOUTH CUSHING FIELD

The Sinclair Oil & Gas Co. No. 24 on the Brown farm in 2-17-12 is good for 40 barrels in the El Dorado sand.

The Sinclair Oil & Gas Co. No. 3 on the Tallman farm in 4-16-7 is 7 feet in sand.

Oil and Gas

in the sand and making 10,000,000 feet of gas.

The Iron Mountain Oil company No. 20 on the Iron Mountain farm in 2-17-12 is good for 120 barrels. No. 11 is making 2,767 to 2,829 and is going on down to the Tuckey sand.

The Sinclair Oil & Gas Co. No. 9 on the Latta Keyer in 2-17-12 is good for 120 barrels. No. 11 is making 2,767 to 2,829 and is going on down to the Tuckey sand. A location has been made for No. 25 on the same farm.

AT GARRER.

The Sinclair Oil & Gas Co. well in 2-22-4 was made another nine feet Monday night. This well is now connected up with the tank, but the reason for not drilling in is still a mystery.

Gray brothers of Tulsa are reported to have made a location for a test in 4-22-5, but nothing definite can be learned about it here.

AT MUSKOGEE.

The test of the Cheney River Gas company in 2-11-13 is a show of oil water at 1,859 feet and will be abandoned.

The same company is reported to have made a location for a test in 6-12-20.

EAST OF SAPULPA.

The Sinclair Oil & Gas Co. No. 5 on the H. Alexander farm in 2-17-12 is good for 12 barrels.

The Sinclair Oil & Gas Co. No. 5 on the L. Hulin farm in 2-17-12 is a 16-barrel well.

AT STROUD.

The test of the Sinclair Oil & Gas Co. in 6-15-7 was drilling at 2,000 feet yesterday afternoon, 30 feet in the sand and making about 1,000,000 feet of gas. The sand was getting darker and the gas increasing slightly.

NORTH OF HEALDTON.

The McMan Oil company test in 2-25-5 is still shut down at 2,000 feet waiting on tankage. It is estimated as good for 75 to 100 barrels in sand from 1,500 to 2,000 feet.

AT BLACKWELL.

The Sinclair Oil & Gas Co. No. 2 on the Weaver farm in 2-25-5 is 12 feet in the sand Monday and making about 200 barrels of oil with Nos. 4 and 5 right on top of the same sand.

SOUTH OF LEONARD.

H. N. Greis is casing at 1,800 feet in his test in 2-16-11 and will make a deep test. This test so far has had no sand, only finding a shale formation.

AT KINGSTON, OKLA.

Daniel Wall and others have made a location for a test in the southeast corner of the southwest of 14-19-5 is drilling at 2,000 feet.

The Hoke-Burfield Oil company test in 6-19-6 is drilling at 1,000 feet.

AT GLENN POOL.

C. B. Tibbels No. 1 on the S. L. Hoke farm in 4-17-12 is good for 40 barrels.

NEOSHO COUNTY, KAN.

Thompson, Patten & Co. No. 8 on the W. H. Heyward farm in 4-27-18 is good for 15 barrels.

AT PIMPER CENTER.

The Knox Oil & Gas Co. No. 5 on the J. A. Hegen farm in 13-13-11 is dry and abandoned.

AT LEONARD.

The test of Hoke-Burfield and others in the southeast of the northeast of 24-14-14 has been shot and started.

MARKETS

STOCKS AND BONDS

New York Financial.

NEW YORK, Sept. 26.—Trading in stocks today proceeded in a more orderly and rational manner, the sharp reversal of yesterday's final hour evidently having a sobering effect. Dealings were again very large and broad, amounting to 1,565,000 shares.

The greater activity was concentrated in the first and final hours, the former being marked by a strong opening and sudden decline, while the latter end of the session was noteworthy for the strength of rally, some of which rose to best quotations of the last year or two.

The strength of investment issues probably resulted from some brilliant statements of railway earnings issued in the course of the day.

United States Steel continued to lead the list and on very large transactions rose 1 1/2 points to 116 1/2, declined to 115 1/2, and closed unchanged at 115.

Nuggets were among foremost issues, with new records of the market for Suban-American, American Beet and other cases of gross advances of 2 to 4 points. Shipping stocks regained some of their former prominence and strength and were strong, Texas Company gaining about eight points.
